Time To Sail

Early In The Morning
We Would Dream,
With Tomorrow
Creased Into The Sails,
Our Breezes Yet To
Be Determined -
Calm,
Rough,
Or No Wind At All.

Now We Look Into
The Sun
And The Blue Paths
Are Ready To
Carry Us On.

Hard Ro

To The Class of 1992:

It is already tomorrow. Time, which never stops on its journey, will pass before your eyes and in only a few moments you will be members of the community looking back on the years you spent at Marple Newtown Senior High School. When you do, the photos, facts and memories in this book will be your stepping stones to a happy reminiscence.

It is our hope that your days here at Marple Newtown have been enjoyable, as well as filled with learning and growth. May your memories of school be pleasant one's, and may your futures be filled with true happiness and success.

With every wish for a bright tomorrow,

In Memory

Jerel Tosti
1952-1991

This yearbook is dedicated to one loved by all. It's hard to sum up the memories of one loved so much.

She taught us. She was hard on us but for one reason - she cared. She loved and cared about each and every one of her children, whether it was with stage as Production Manager, or as the Volleyball Coach, or the class advisor. It's hard to see a great person like her gone.

Those who did not experience time with Mrs. Tosti missed out on a great teacher.

We will always love you. Forever you will live in our hearts. It is so hard to say goodbye to a great teacher and friend.

Goodbye and thanks for all the memories.

Free Falling!

The long awaited summer vacation is a time of relaxation for many MN students. Yet, how many of us spent out free time with our feet up in an air conditioned TV room? The JV and Varsity Cheerleading squads went to the NCA camp in Greeley, Pa. Many of our peers traveled to other countries or states to enjoy their friends' and families' company. Parties, movies, bowling, and miniature golf are a few ways we kept in touch with our close friends. Each of us spent our time differently and hopefully each of us feel that the summer of 1991 was the best if could be!

Look at these happy campers.

Grace Chen
What I have learned at Marple: Life is surrounded by rules and prejudices. The point is moot. Frank is always right (not). It takes all kinds; the face of external beauty acquires wrinkles. The philosophy of Ms. Bonder: WHY??? Life is a comedy for those who think. Don't think. Smile.

Jeanine Ciach
To every person that influenced my life at Marple, thanks for everything. To old and new friends: good luck in school and in the future. I will miss you all. Varsity Cheerleading number one. Mom, Dad, Brian-Thanks, I love you! Love ya Riess! Michael Haas- me and you "Always", I LOVE YOU!

Senior Class Officers

It was fun being your class treasurer our senior year. I got a new homeroom and didn't have to hear Dr. Chalker's obssessant chant of "Homerooms, everyone, homerooms." Our N.Y. trip was certainly a success, and something everyone will remember, . . . VILLAGE! I don't think anyone will ever forget our controversial Junior year Spirit Week skit. When you go out into the real world after graduation, I hope you'll bring all the memories of the fun times had at good ole MN. I'd like to wish everyone good luck and future success, and never forget MN's class of 1992.

John Carr

Follow your dreams until they all come true, because these dreams are what life is made of. Thank you all for allowing me to be your class secretary. Good luck in the world.

Erika Morris

1992- This year seemed so far away for so long. It is now here: the end of our beginning. Whether we admit it or not, the experiences we've had at MN have changed us as people. Just think of what we were when we walked into this "maze" as freshmen- or maybe some of us would rather not. We've tried new things. We've discovered our likes and dislikes. We were told at age 16 to decide what to do with the next 40 years of our lives! We based those decisions on the things that have influenced us in the past 4 years. Now it's time to take those decisions and put them into action. I know I'm ready for a new atmosphere, a little more freedom, and a lot more challenge. I can honestly say that I have enjoyed high school . . . (with the exception of the cafeteria's swiss steak). As your Vice-President, I'd like to wish you all the best for the future. I know we've got what it takes- we've always been a competative class. So, get out there and JUST DO IT!

Sharon Brown

High school is our preparation for life and all its surprises. Life is filled with unexpected twists and tums, not unlike our high school careers. The twists and turns often lead to frustration and confusion. Soren Kierkegaard stated it best when he said, "Life can only be understood backwards; but it must be lived forwards." All we can do is take what we have and reach for me. We must reach higher, without losing our balance . . . I have several keys to my life. They are my guidelines for all I do: Set goals; Work hard; Never be satisfied; Help others. Every individual has different keys to life. The problem for many of us is that we can not find the locks. The lights have been tumed off and we can not find the locks that our keys open. Too often we struggle through the dark and lose our way, and our keys are useless. Allow me to offer you a flashlight to use in the times of darkness. "Life just is. You have to flow with it. Give yourself to the moment. Let it happen. "-Govemor Jerry Brown. Good luck and peace to all the members of the class of 1992.

SR. CLASS TRIP: NEW YORK CITY

November 22, 1991

On this rainy Friday morning, 80 half-awake and semi-dressed seniors were on their way to the Big Apple. To start the day off, we were greeted by New York's rush hour traffic, but we moved our way slowly to the first highlight of the day, Battery Park. Here we were met by sales people trying to sell us 100% gold jewelry and name brand watches. We then boarded the ferry to Liberty Island and Ellis Island. For those who were physically fit, (which all of us should be after four years of gym class), there was the 700-step stairway up to the crown of the Statue of Liberty. Next on the agenda was the South Side Seaport. We ate lunch there, and we did some shopping. The next stop was Lincoln Center where we were given a tour of each building and had a chance to watch a ballet being choreographed. Then came the United Nations. We had a lesson about each council and its different members. The Adams' Apple was the highlight of our trip, where we were given a hot meal and a 10 square foot dance floor, but the size of the dance floor did not stop us. The class of '92 united as one and had a great time dancing. Our last stop was the village where we ended our trip with a visit to Tower Records, and a game of hide and seek.

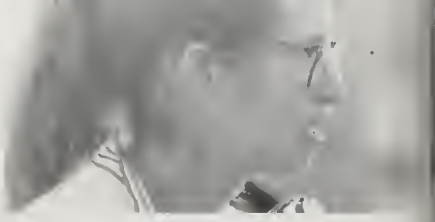
SEASON

SEASON RECAP: In the eyes of captains Andi McKeon, Maria Miller, and Jen Gicking, the Marple Field Hockey team made a 100% turn around from last season. The seniors led the way this year, guiding the team to key victories. We battled defending league champions, Haverford to a 2-2 tie while also tying Radnor, 1-1, who went to the state finals last year. A lot of the credit goes to 1st year goalie Missy Laing who had some key saves down the stretch. The team would like to say a special thanks to Kate Eshelman for her inspiration to us all. Thanks Miss. Bonder and Miss. Smith



SEASON RECAP: The first season for Girls Soccer was entered into with enthusiasm and great expectations. The season has unfolded as one of trials and challenges which both staff and players have managed to weather. Although the program still seeks that elusive first win, the improvement is visible and the enthusiasm remains. As of this writing, with just four games remaining, the team looks to have an ample opportunity remaining to clinch a victory by season's end. Looking ahead to next year, we will miss our seniors and wish them well and look forward to an even more successful season.

SEASON RECAP: After a successful trip to Duke Soccer Camp, the team had hopes of a strong season. These aspirations were cut short by a few disappointing losses such as Penncrest and Delco Christian. Through our tough season, we learned a great deal about ourselves. We were able to regroup and finish our season strongly. We gave some great teams some real trouble such as Radnor and West Chester East. We would like to express our thanks to Mr. Nagle and Mr Bertolet and wish well to what looks to be a very strong team next year.

Varsity Team

SEASON RECAP: We the Senior captains, Susan Kwon and Arpita Shah, of the Marple Newtown Volleyball team had it's ups and downs this year. We won a few tough games against Lower Merion and Radnor and lost a few more close matches. The toughest being Haverford and Ridley. All in all the volleyball played was successful when combined with a good defense and a desire to play. With only two senior playing, and strong junior and sophomore classes, the future of MN volleyball will again be a force to be reckoned with. All the best next year to the underclassmen.

REMEMBER WHEN: The Force is with us, I go .... where? .... to strobalogna to play with playdough. July is good but June is better. 1, 2, 3. ACE! Laurie, I'm sick of .... your mom. This, My Friends, Is What *Memories* Is All About . . .

FADING LIGHTS

Another time it might have been so different
if only we could do it all again
but now it's just another fading memory
out of focus, though the outline still remains

Far away, away, fading distant lights
leaving us all behind, lost in a changing world
and you know that these are the days of our lives
remember

Like the story that we wish was never ending
We know sometime we must reach the final page
still we carry on just pretending
that there'll always be another day to go

Another chance hello, another goodbye
and so many things we'll never see again
days of life that seemed so unimportant
seem to matter and to count much later on

Far away, away, fading distant lights
leaving us all behind, lost in a changing world
and you know that these are the days of our lives
remember

Our Third Generation Graduate
and all of '92!

We stand at the gateway of our future. Each day we watch another page of history unfold. Here is a look back at some of the people, places, and events that have shaped the world around us.

We stared at our television sets, just a year ago, bracing for war in the Persian Gulf. Operation Desert Storm freed Kuwait, made a villain of Iraq's Saddam Hussein, made heroes of thousands of young men and women, and for a brief moment, renewed our sense of national pride.

We said goodbye to the Cold War conflicts of our parents' generation. There were Soviet republics breaking away, a military coup failed, and suddenly Boris Yeltsin emerged as the new leader of a crumbling Soviet Union. Suddenly the nation dissolved. We witnessed the end of an empire and the birth of a new nation.

We argued over who was telling the truth as the Clarence Thomas Confirmation Hearings unfolded. Anita Hill, a lawyer & college professor, risked her reputation to tell how Thomas sexually harassed her while they worked in the Equal Employment Opportunities office. In the end, Thomas became a Supreme Court justice, and the only thing we ever agreed on was that Congress is made up of a bunch of big babies.

We rooted for our favorite team as the Minnesota Twins and the Atlanta Braves battled it out in seven games that will go down in baseball history as the most exciting World Series ever. Many of the games went into extra innings, and in the end, the Twins were victorious.

We breathed a sigh of relief, along with citizens of Louisiana, as former Ku Klux Klansman David Duke, lost the race for governor of the southern state. This wasn't the last we would see of him, though, as he would go on to seek the presidential nomination on the Republican ticket.

We were shocked as basketball legend Magic Johnson announced his retirement from the game due to his infection with the AIDS virus. The announcement adds to the cry for a solution to the deadly epidemic.

We continue to hear the shouts from all sides of controversial abortion issue. Pro-Life activists continue to protest outside of abortion clinics, while Pro-Choice advocates respond, hoping that the 1973 Supreme Court ruling of Roe vs. Wade that gave women the right to an abortion, will not be overturned.

We tuned in to see the Washington Redskins roll over the Buffalo Bills in a Super Bowl game that didn't get nearly as much hype as the halftime commercials.

We wondered how close to the truth Oliver Stone had come as Kevin Costner portrayed Jim Garrison in Stone's movie "JFK". The film sparked controversy and public outcry for the opening of the C.I.A. files.

We turned our eyes towards the French town of Albertville for the sixteenth Olympic Winter Games. Team USA brought home eleven medals, including five gold medals from Bonnie Blair, Kathy Turner, Donna Weinbrecht, an Kristi Yamaguchi.

We saw the 34th annual Grammy award winners announced. Bonnie Raitt picked up grammys for Best female pop vocal, rock vocal solo, and duet, from her album "Luck of the Draw". Natalie Cole won best album and single for her father's song "Unforgettable". Michael Bolton was the best male pop artist. R.E.M. picked up best group, and we saw our own Andrea Murray in the video for award winning "Summertime" by D.J. Jazzy Jeff & the Fresh Prince.

We watch The Presidential Campaign get into gear. The primaries began and the question remains as to whether the Democrats can pose a threat to President Bush's re-election hopes in the fall.

We see the continuing results of the recession all around us. More layoffs are announced, unemployment rises, the President makes empty promises, and there seems no end in sight.

We await the start of the Summer Olympics in Barcelona. We look to the future with hope. Soon, we will be the stars, the winners, and the leaders of our generation.

At Last, Sailing Away . . .
Some Challenge The Ocean
And Some Remain In The Bay.
A Few Have Driving Winds To Lift
Them Past The Rest;
But Some Will Be Content To Drift.
